

111 Enemy Killed in 5 Attacks

By GEORGE ESPEY
Associated Press Writer
SAIGON (AP) — U.S. aircraft and artillery killed 111 North Vietnamese and Viet Cong soldiers in five attacks; and the Americans didn't have a casualty, the U.S. Command said today. South Vietnamese forces reported 88 North Vietnamese killed.

Aerial observers counted 70 enemy bodies after three attacks by U.S. artillery, bombers and helicopter gunships 14 miles from the Cambodian border and 85 miles northeast of Saigon.

Two of the attacks were triggered when North Vietnamese troops opened fire with rifles and machine guns against helicopters carrying American air cavalrymen screening infiltration corridors from Cambodia, a spokesman said.

None of the helicopters was downed, the spokesman added. About 300 South Vietnamese paratroopers operating with the U.S. 1st Air Cavalry Division clashed with North Vietnamese soldiers three miles south of the American encounters. Aided by artillery and U.S. helicopter gunships, the South Vietnamese claimed another 24 enemy in "light sporadic contacts," while nine paratroopers were reported killed and 18 wounded.

Sharp fighting also flared in the northern, western and southern Mekong Delta as far south as the U Minh forest.

The other fighting was reported southeast of Da Nang in the coastal plains. There U.S. Marine artillery and aircraft killed 41 Viet Cong and North Vietnamese in two attacks, the U.S. Command said.

Reaction to the alleged massacre at My Lai by American troops brought a letter from Maj. Gen. Harris W. Hollis, commander of the U.S. 25th Infantry Division, to his troops.

He conceded that "on-the-spot judgments hastily made" have sometimes resulted in the killing or maiming of South Vietnamese civilians. But Hollis told his field commanders that "the requirements of our individual and corporate consciences demand that we do all within our power to minimize the harm done to (civilians) as we undertake to protect our men."

The soldiers accused at My Lai were from the Americal Division, not the 25th, but U.S. headquarters in Saigon has told its subordinate commands to indoctrinate their troops in the prescribed treatment of civilians.

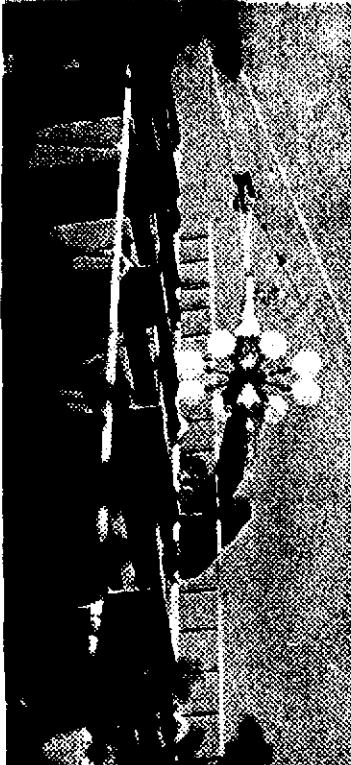

Ranked Team Barely Wins

PROVO, Utah (AP) — Reserve forward Chito Reyes' two free throws with 21 seconds remaining carried No. 3-ranked New Mexico State to a thrilling 80-78 overtime basketball victory over Brigham Young Thursday night.

With the tally still tied at 76-76, Sam Lacey hit a jumper to put New Mexico State in front. Lacey finished with 24 points to lead all scorers.

consumer," the vice president continued. "The plain truth is that one year's arduous efforts are jeopardized by irresponsible tinkering in the Senate of the United States."

He praised the work of Chairman Wilbur D. Mills, D-Ark., of the House Ways and Means Committee but said it "has been unbalanced by certain careless men in the Senate—worried about their futures, they have to stand for election in 1970—to carry political advantage for selves."

"Their amendments are attention-getting gimmicks which ignore the painstaking work of the Mills' committee and the exhaustive efforts of the administration to achieve tax reform in the time of inflation," he added. But Agnew said, "I believe their grandstanding is going to backfire" and, in the latest of a series of attacks on Sen. Albert Gore, D-Tenn., sponsor of the amendment to increase the personal exemption from \$600 to \$800, he added that "they are about to go to their own oven."

While Agnew made no specific reference to Democrats in the portion of his speech on the tax bill, he referred to several amendments, including Gore's and Social Security increases, that were sponsored by Democratic senators. And he repeatedly contrasted action by Nixon to those of Congress, which is controlled by Democrats.

SAYS 24 MAY (from page one)

authorities have not yet finally made up their minds on how to proceed with any charges against former soldiers.

Pentagon sources said Justice Department authorities are leaning toward the commission, or tribunal, approach.

A Supreme Court decision 14 years ago invalidated a section of the Military Justice Code under which the Air Force at that time attempted to prosecute a former airman.

However, Army lawyers feel that two as yet untested sections of the Military Justice Code can be brought into play in the present situation in an effort to try ex-soldiers in the My Lai cases.

In addition to the Army probe of the incident itself, two other separate but related investigations are being conducted in Washington—the so-called Peers commission checking on whether lower-level officers tried to cover up the My Lai story, and a congressional inquiry being conducted by a House subcommittee.

The congressional panel's chairman, Rep. L. Mendel Rivers, D-S.C., has said his investigation so far has not found evidence substantiating that a massacre took place, although he said he was not saying it had not.

Rivers Thursday denied published reports that his committee had heard testimony by a U.S. helicopter pilot that he had trained his guns on U.S. soldiers while rescuing a half dozen or more wounded civilians from a ditch piled with bodies at My Lai the day the massacre reportedly occurred.

The report, by Washington Evening Star reporter James Boyle, was denied by two other committee members. "Whoever gave it to him was a damn liar," Rivers said of the unnamed source Boyle used as the basis for his dispatch.

HOG-TECH GAME

Editor The Star: I want to thank you, as a parent and as a Fellow Businessman, for the interest and support you have shown our High School football team this year.

I feel their success has been a credit to our School and to our City and was, to some extent, due to the realization that our town was 100 per cent behind them, as well as to the very fine coaching they have had.

My son, throughly enjoyed the Hogs-Raiders game, and I, personally, appreciate this fine gesture on your part. It was a fitting end to a successful season for our boys. Sincerely yours, HULAN WHITE

Like my father, I'd have to put it together—and gain a little appreciation for the old man in the process.

Or, take bicycles. Except for the complicated 3- and 5-gear models, which weren't around 30 years ago, the price rise is comparable to coaster wagons. The advertised range of Christmas bikes in 1939 was \$23.95-\$42.95, while similar bikes sell today for \$29-\$59.95.

Bikes have another advantage over cars. I once put the handlebars on backwards. Before I discovered the mistake, Drew decided he liked them so much that way he wouldn't let me fix them.

Famous Santa Claus Virginia in Hospital

HUDSON, N.Y. (AP) — Virginia O'Hanlon Douglas, whose questions about Santa Claus 72 years ago brought her worldwide fame, has been hospitalized at the age of 80, just two weeks before Christmas.

A spokesman at Columbia Memorial Hospital here said she was admitted Thursday night. They described her condition as fair but declined to state the nature of her ailment.

The widowed Mrs. Douglas, a retired school teacher, lives in nearby North Clatham. She gained attention at age 8 when she wrote a New York newspaper to ask if there was a Santa Claus and got an editorial reply that has been widely reprinted each Christmas season since.

She wrote to the New York Sun: "Some of my little friends say there is no Santa Claus. Papa says, 'If you see it in the Sun, it's so.' Please tell me the truth, is there a Santa Claus?"

The editorial reply, written for the now defunct newspaper by Francis P. Church, said in part:

"Virginia, your little friends are wrong... They do not believe except they see. They think that nothing can be which is not comprehensible by their little minds..."

"Yes, Virginia, there is a Santa Claus. He exists as certainly as love and generosity and devotion exists, and you know that they abound and give to your life its highest beauty and joy. Alas, how dreary would be the world if there were no Santa Claus! It would be as dreary as if there were no Virginias..."

"...Nobody can conceive or imagine all the wonders that are unseen and unseeable in the world..."

"No Santa Claus! Thank God he lives, and he lives forever. A thousand years from now, Virginia, may ten times ten thousand years from now, he will continue to make glad the heart of childhood."

Three Deaths Blamed on Diphtheria

MIAMI, Fla. (AP) — Diphtheria, blamed for three deaths in Miami, today claimed a fourth life, a 6-year-old North Florida boy.

The child, David Seabrook, died in a Thomasville, Fla., hospital. He was from Monticello, Fla.

Dr. Wilson Sowder, Florida state health officer said he saw no danger of a statewide diphtheria outbreak.

Tax Loopholes Can Be Traced to a Nun

By H. L. SCHWARTZ III
Associated Press Writer
WASHINGTON (AP) — Much of the hue and cry over what the tax reform bill does—and does not do—can be traced to a nun who inherited millions but for 65 years never spent a dime of it on herself.

To those of the order she founded in 1891, she was known as Mother Katherine Drexel. But to generations of tax lawyers, congressmen and rich people seeking to protect their wealth from Uncle Sam, she is better known as the "Philadelphia nun."

The famous Philadelphia nun tax loophole, which exempted Mother Katherine from taxes on all the inherited money she gave to charity, would be closed by the tax reform bill passed Thursday by the Senate.

But while closing one loophole, the bill may open dozens more that could, in another 50 years, provide just as good a shelter for some wealthy individuals and corporations while costing less fortunate taxpayers millions.

The beneficiaries of the new loopholes include, in addition to several charitable trusts, some of the nation's biggest corporations: Unroyal, McDonald Douglas Aircraft and Lockheed Aircraft.

Mother Katherine's loophole was opened in 1921 when Congress adopted a provision letting her give the income from her inherited millions to charity, tax free.

She was the daughter of Anthony Drexel, a J. P. Morgan partner who left her \$15 million when he died in 1893. The income from the money was estimated at \$1,000 a day.

Four years later at the age of 29, Mother Katherine took her vows of poverty and although she couldn't touch a penny of

her inheritance thereafter, she became known as "The World's Richest Nun."

In 1924, Congress enacted a complex formula then intended to further ease Mother Katherine's charitable giving. But it was that 1942 amendment, known in time as the "Philadelphia nun" loophole, which has become the best-known dodge in the present tax code.

Now, the Lockheed exemption would save that company \$14 million.

Like some other corporations, Lockheed was exempted from repeal of the 7 per cent investment credit because it committed itself to new contracts before the April 18, 1969 deadline in the bill.

Common to most of the special exemptions is their lack of secrecy, although they are the result of intensive lobbying and beneficiaries are not named in the bill.

Rather than naming a specific company or individual for whom the special exemption is designed, the bill outlines specific criteria and says anyone who qualifies gets the break. Frequently there is only one beneficiary.

Most of the exemptions, especially those involving foundations, would involve little if any revenue loss to the Treasury.

THOUGHTS

He who walks with wise men becomes wise, but the companion of fools will suffer harm.—Proverbs 13:20.

Associate with men of judgment, for judgment is found in conversation, and we make another man's judgment ours by frequenting his company.—Thomas Fuller, English clergyman.

Yet if one suffers as a Christian, let him not be ashamed, but under that name let him glorify God.—1 Peter 4:16.

To be like Christ is to be a Christian. Last words of William Penn, Quaker founder of Pennsylvania.

Wives to Cook

BOSTON (AP) — The Massachusetts Legislature is being asked to require a wife to cook for her husband and keep his clothes clean.

A bill containing the provision was filed Thursday by Rep. Paul Cavanaugh, D-Medford, at the request of William T. Farrell of West Medford.

Farrell, a married man, said personal reasons did not prompt him to ask that the bill be filed.

"It's a social wrong. I want to make it a social right," Farrell said. "It's hurrah for the women — but when a man can't come home like in your mother's day or your mother's mother's day and get a simple meal — then that's a social wrong."

More Facts About Social Security

By KEN HARGIS

If you have any questions regarding social security, I invite you to write to me. Just send them to Social Security, Ken Hargis, Box 1319, Texarkana, Texas 75501.

Q. My 18-year-old son is receiving a social security benefit because he is still in high school. He needs only 1½ credits to graduate. Will his checks be stopped if he does not take a full course load?

A. His checks will be stopped if he is not attending school full-time. Find out from the school whether he is considered to be a full-time student based on the courses he is taking; then get in touch with your social security representative. We normally accept the statement of the school as to whether a student is full time or part time.

Q. If I start receiving disability benefits, will this reduce the amount of my retirement benefits later on?

A. Absolutely not. In fact, if you are disabled for 1 or more years before age 65, your retirement benefit will often be higher. This is because the years of disability can be excluded in figuring average earnings for your disability and retirement benefit. If you are still receiving a disability payment when you reach age 65, it will be automatically converted to a retirement benefit in the same amount.

Q. My wife worked under social security for 10 years, but has not worked in the last 5 years. I have heard that in case of her death, our children could receive monthly benefits. Is this correct?

A. Yes, beginning with February, 1968, children can receive benefits on their mother's social security account if she is "fully insured," regardless of when she worked. To be fully insured at the present time requires from 1½ to 4¼ years of work, depending upon the age of the worker.

Mrs. John Keck, regent, presented her with the Good Citizen pin, The DAR Story, a book, and a Christmas corsage on behalf of the John Cain Chapter.

"America, America," a silk screen print by Susan Turner, 1966 Good Citizen, also was given to her by Mrs. McDowell Turner, Good Citizen chairman.

Holiday decorations were used by the hostesses Mesdames John Keck, J.K. Keesey and E.P. O'Neal.

Other guests included Mrs. Jamie McConnell and Mrs. Ware Ferguson of Nashville and Mrs. George Hosmer.

HELEN HELP US!

by Helen Bottel

THE WORM SQUIRMS—WATCH OUT, HE MIGHT TURN

Dear Helen: I'd like to say to all those fellows who think marriage has them trapped, if you're lucky enough to have a fine, decent, attractive wife, treat her like a queen. They're hard to find!

I have the most wonderful wife a man could want. Yet I lost her love and respect, all because I was a fool who got his head turned—and a bigger fool to think I could get away with an affair.

Here's where you're really trapped, men. You begin lying to "the other woman," then to your wife, and you end up hating yourself. You recall instances of bossiness and nagging and being taken for granted, and you tell yourself you deserve a felling, but the affair is never worth it. You pay for it in lost trust.

My wife, of course, found out and put me out, but fast. It took me a long while to talk my way back home. But just being home doesn't mean I have won back her love. She's sweet and kind and very considerate, but the fire is gone. We never fight as we sometimes used to. If she'd get mad, I'd feel more secure and less like a worm.

Yesterday she asked if I'd mind her taking a trip to Florida with her sister. We've never had a vacation away from each other before. I'm afraid she's found someone else.

I've tried every way possible to prove I'm sorry and ashamed. But still there's the polite wall. Have I lost her? Please give me a woman's opinion, Helen. — Very Worried Worm.

Dear VWV: If your wife took you back, you haven't lost her. Rather, I think she's making you squirm just enough so you won't play the worm again. In case she wants advice, here's mine: Don't overdo the

"wronged woman" bit, sister. Worms turn! — H.

Dear Helen: You'll probably think I'm some kind of monster, but I have to get this off my chest. I hate my husband, my life, and my child. I'm 24, and all I can see ahead is misery. My husband is a loser. Doctors say our son is hopelessly retarded as well as crippled. We don't have money for treatments and besides they wouldn't do any good.

My husband says he won't put him in the State Hospital. Sometimes I think that's where both of them belong. I lie awake nights dreaming about escape, but somehow I can't just run away. I'm not that low yet.

Is it better to stay and hate (I loathed my husband six months after I married him), or leave and hate yourself? — Caught

Dear Caught: Even though you stay, you'll still hate yourself far more than you hate your husband and son. If you run, it will never be far enough to out distance that hate.

Your only hope? Intensive counseling with a psychiatric social worker who may recommend a foster home or State care for your son, and a moratorium on marriage — until you can think straight.

Call the Family Service Agency in your city. The number is in your telephone book. — H.

Dear Helen: It's hard to believe anyone is as immature as "Half-Married" who blames her husband for ruining her life because he is sterile and can't give her a child. What if she were the one. Would she expect his love to die, and him to walk out?

I resent her saying she "doesn't want a kid from some service." We found out my husband was sterile after we'd been married two years. Actually, the news brought us closer together — for we adopted a lovely daughter.

Having a natural child doesn't always make a woman a good mother. Perhaps it's best that "Half Married" stays barren. — TTH.

Hope Places Two on AA All State

LITTLE ROCK, Ark. — Artie Martin and Larry McWilliams of Hope and Wayne Miles of Magnolia, all voted outstanding players in District 4-A, gained positions on the Class AA all-state team announced Thursday by the Arkansas Athletic Association.

Martin, a swift 170-pound tailback, and the 190-pound linebacker McWilliams were the outstanding back and lineman, respectively, in 4-AA West. Magnolia's Miles was chosen the outstanding back in the East Division of the district.

Tommy McDougald, the East Division's outstanding lineman from Crossett, was placed at a line position. Only two other 4-AA schools were represented on the team: Randy Garner of Camden was chosen at an end position and Wayne Anderson of Arkadelphia was one of the guards selected.

The all-state team is as follows: ends, McDougald, Garner, Burl Camp of Sheridan and Dean Brown of Dewitt; tackles-Rue Luter, Newport, Mike Senko, Stuttgart, John Camper, Watson Chapel and Larry Yarbrough, Dollarway; guards, Layton Bull, Rogers, Gordon Patterson, Harrison, Anderson and McWilliams; centers, Kent Bartlett, Russellville and Dale Felderhoff, Subiaco.

Backs, Nick Liewer, Subiaco, Kearney Blalock, Newport, Martin, Dudley Taylor, Russellville, Ozell Collier, M. Strong, Brad Ogden, Harrison, Cleophus Miller, Merrill, Miles and Fred Barron, Wilber D. Mills.

Bergy Named AFL Rookie of the Year

Associated Press Sports Writer NEW YORK (AP) — Bill Bergy, Cincinnati's aggressive middle linebacker, was selected today as the American Football League's Defensive Rookie of the Year, giving the young Bengals a sweep of 1969 freshman honors.

Bergy, a 240-pound bruiser from Little Rock, Ark., beat out three other first-year standouts in a close balloting race, and followed teammate Greg Cook into The Associated Press awards circle. Cook, the Bengals' gifted quarterback, was named the league's top offensive rookie Thursday.

A panel of sports writers and sportscasters — three from each AFL city — gave Bergy 10 votes, to seven apiece for Kansas City cornerback Jim Marshall and Miami end Bill Stanfill, and six for Denver cornerback Bill Thompson.

Cincinnati had captured still another individual prize when Paul Brown was voted Coach of the Year in the annual AP poll. Bergy, a Little All-American drafted No. 2, behind Cook, by the AFL expansion club, stepped right into the starting lineup and has played every minute at the key middle linebacker spot.

"He could be just as important to us in his area as Cook is on offense," Brown said. "He's a very wholesome boy and he has lots of potential."

A-State and Drake Game on Television

By MIKE COCHRAN Associated Press Writer ARLINGTON, Tex. (AP) — Drake and Arkansas State College clash Saturday in the Pecan Bowl with the Midwest NCAA College Division football title at stake and "a score to settle."

The game, set for regional television, matches Drake's sharpshooting passing attack against an explosive ground game spearheaded by the Indians' Calvin Harrell.

Drake, 7-1-2, and Arkansas State, 7-1-1, battled to a 21-21 deadlock in November when Drake rallied for a touchdown and two-point conversion on the final play of the game.

"We're delighted to get a chance to meet Drake again," said Coach Benny Ellender, whose Indians won a return trip to the Pecan Bowl with a second straight Southland Conference championship.

"They have a great football team, but we think we do too. And there's a score to settle," Ellender said.

Jack Wallace, bringing Drake into its fourth bowl game, shares similar sentiments.

"When we received our Pecan Bowl bid, we were hoping that the other team would be Arkansas State," he said. "We're glad to have a chance to settle the tie from our earlier game."

Besides Harrell, a 202-pound sophomore who led the Southland Conference in rushing, the Indians have two super stars, center Dan Buckley and defensive tackle Clovis Swinney.

Both Buckley and Swinney were Associated Press College All-America selections.

For Drake, the firepower largely has come from the passing combo of Mike Grejbowski and split end Duane Miller, who nailed 73 passes for 1,393 yards and 12 touchdowns.

Miller, an AP honorable mention pick, does a little of everything, all well. He doubles as defensive halfback and leads the Bulldogs in kickoff and punt returns.

His total yardage exceeded 2,500.

Grejbowski, a sophomore, started only six games for the Bulldogs but compiled 1,916 yards with 129 completions and 14 touchdowns.

Drake is a member of the Missouri Valley Conference but does not compete for the football championship. The Bulldogs, although eligible, were not ranked in the final college division poll. Arkansas State took the No. 7 berth.

Kickoff for the game, which will be televised by ABC, is 12:20 p.m. (CST).

per game, winning one of the tightest races in that category in major college history. Nine teams were separated by 21.7 yards.

Dayton allowed only 90 yards per game on passes to take that department with six other teams all giving up less yardage through the air than Kent State's 107.6 which was good enough to win that title last year.

Arkansas' 7.6 points allowed per game led the nation in that department.

Pistol Pete Tosses in 61 for LSU

By TED MEIER Associated Press Sports Writer He's just a gunner, some say, but there's no denying that Pistol Pete Maravich of Louisiana State has replaced Lew Alcindor as the outstanding attraction in college basketball these days.

The senior 6-foot-5 All-American, who creates excitement whenever he steps onto the court, threw in 61 points to lead LSU over Vanderbilt Thursday night 109-86.

This is a record for the Southeastern Conference, but short of Pistol Pete's personal high of 66 which he tallied last season against Tulane.

Pete sank 26 of his 54 field goal tries and converted nine of 10 free throws. In addition to his shooting, dribbling and zip-like passes Pistol Pete demonstrated he is more than just a gunner with 10 rebounds and five assists.

The No. 1 collegiate high scorer now has scored 147 points in three games for the unbeaten Bayou Tigers and has a career total of 2,433 as he closes in on Oscar Robertson's all-time collegiate record of 2,973.

Maravich's heroics against Vanderbilt overshadowed the narrow escape from defeat of nationally third-ranked New Mexico State against Brigham Young.

The Aggies won 80-78 in overtime on two free throws by Chito Reyes with 21 seconds left. A 25-foot jumper by BYU's Steve Kelly with seven seconds on the clock had tied the regulation game at 72-72.

Duquesne, No. 7 in the Associated Press poll, wasn't so fortunate. The Dukes lost their second straight on the road as the Iowa Hawkeyes pulled away in the closing minutes for a 98-87 victory. A three-point play by John Johnson gave Iowa the lead for good at 58-57 midway of the second half.

Purdue, No. 14, rolled over Idaho State 116-95 even though All-American Rick Mount sat out the game because of a bruised knee.

Colorado, No. 17 and the only other team in the AP Top Twenty to see action, downed Texas Tech 75-56.

Tulsa won the Liberty Bowl Classic tournament by beating Memphis State 82-72 behind 25 points by soph Dana Lewis.

Jim McMillian keyed a 17-6 spurt for Columbia in the second half to lead the Lions over Holy Cross 92-68 in New York's Madison Square Garden after Jim Signorile's layup with 21 seconds to go gave NYU a 64-62 triumph over Temple.

In other games, Harvard downed Boston U. 95-71, Rhode Island routed St. Peters 122-94, Creighton beat Fullerton State 83-78, Santa Barbara tripped Texas 100-85, Marquette edged Drake 72-70, Utah State humbled West Texas 112-87 and Southern Colorado beat Weber State 73-70.

Pacers Take Early Lead to Beat Colonels

By THE ASSOCIATED PRESS The Indiana Pacers jumped to an early lead and never looked back at the Kentucky Colonels. They didn't have to because the listless Colonels provided little excitement in the 115-96 Pacers victory in the American Basketball Association Thursday night.

The victory increased the Pacers' lead over the Colonels to 3½ games in the Eastern Division.

In other ABA games, Washington beat Denver 126-113 and Miami defeated the New York Nets 133-126.

In the National Basketball Association, Seattle stopped the New York Knicks 112-105, Chicago beat San Francisco 110-104 and Detroit defeated Cincinnati 119-116 in overtime.

Washington moved to 4½ games of New Orleans in the Western Division and spoiled the coaching debut of Denver's Joe Belmont, who took over after John McLendon was fired Tuesday.

Don Freeman pumped in a season high 43 points for Miami against the Nets.

The Floridians overcame an 11-point deficit twice. Lavern Tart paced the Nets with 40 points.

Transplant Likes It in Boston

By THE ASSOCIATED PRESS Wayne Carleton, a transplanted Maple Leaf, obviously likes it in Boston.

He scored his first two goals in a Bruins uniform Thursday night and they were all Boston needed to beat the New York Rangers 2-1 and snap the Rangers' 14-game unbeaten streak, the longest in the National Hockey League this season.

Carleton, who was acquired from Toronto Wednesday, helped stop the Rangers' momentum. The victory put Boston in a tie for second with idle Montreal in the East Division, four points behind New York.

In other games, Minnesota and Detroit played to a 2-2 tie and Philadelphia beat Toronto 6-3.

Derek Sanderson assisted on both Boston goals. The second, which broke a 1-1 tie came with 49 seconds left in the second period.

Detroit snapped a 10-minute lull and scored two goals late in the second period to gain a tie with Minnesota. The North Stars, who are unbeaten in their last six, opened the scoring midway in the first period on Bill Goldsworthy's backhand.

Chiefs and Oakland in a Shootout

By JACK HAND Associated Press Sports Writer NEW YORK (AP) — The big shootout this week is in Oakland where the Raiders and the Kansas City Chiefs fight it out for top gun in the West in the American Football League.

Oakland won in Kansas City three weeks ago, 27-24, and is favored to do it again. The big incentive for the winner is to play on its own field against the East runnerup in the playoffs.

Eight games in the National Football League don't mean much because the four division titles already have been clinched by Los Angeles, Minnesota, Dallas and Cleveland.

Last week's record was 8-4-1, making it 107-41-8 for the season. Let's try again with all games Sunday unless otherwise noted.

NFL Baltimore 24, Dallas 21 (Saturday) — John Unitas due to start but he has bad knee and may give way to Earl Morrill. Favored Cowboys list Calvin Hill, Walt Garrison and Bob Hayes as probables but may be saving their big game for Cleveland in two weeks.

Detroit 21, Los Angeles 20. An upset loss for the battered Rams who took a physical beating from Vikings and have only one aim — to get even with Minnesota Dec. 27. Lions may go with Bill Munson because Greg Landry has sprained right shoulder, and still have shot at third place money.

Minnesota 28, San Francisco 14 — Vikings go for 12th straight in finale of home season (not counting playoffs). Bud Grant's boys came out of Ram game in good shape. John Brodie gave way to Steve Spurrier last week due to gimpy knee.

Cleveland 31, St. Louis 21 — Browns want to keep winning with Dallas ahead. Cards showed nothing in 49-6 rout in New York but may be smarting from blast by owner Bill Bidwell.

Philadelphia 28, Atlanta 21 — Flip a coin on this one. Eagles score points but so does the opposition. Falcons rolled it up on Saints last week. Could be a happy homecoming for Norm Van Brocklin at Franklin Field but home edge goes to Eagles.

Washington 35, New Orleans 28 — with a chance at best record since 1955, what Redskins would dare disappoint Vince Lombardi? Saint runners will chew up Washington but Sonny Jurgensen will do it again.

Green Bay 17, Chicago 14 — Packers beat Bears 17-0 in season opener and still have enough left to do it again although Gale Sayers is leading the league in rushing and wants to win the title.

New York 24, Pittsburgh 17 — Steelers have lost 11 in a row and Giants broke out of seven-game losing slump with big effort against Cards. Fran Tarkenton should bring Giants home in front but he'd better learn to duck when mean Joe Greene winds up.

AFL Oakland 28, Kansas City 23 (Saturday) — The big game of the day. Daryle Lamonica stinging every opponent with 33 touchdown passes for year. Lenny Dawson, held out last week, with bad knee, due to start, Oakland offense against Kansas City defense with strong pass rush on each side. Loser probably gets to play Jets in New York, winner gets home field with Houston likely foe.

New York 27, Miami 14 — Jets just pulled it out in New York Nov. 2, 34-31 on a field goal by Jim Turner. But Dolphins had Bob Griese then. Miami never has won in this seven-game series.

San Diego 28, Buffalo 17 — Chargers have Lance Alworth shooting for all-time pass-catching record and Dickie Post going for rushing title with slim lead going into final game.

Houston 17, Boston 14 — Both clubs in tough shape for quarterbacks with Mike Taliaferro questionable for Pats and Pete Beathard the same for Oilers. Wally Lemm desperately trying to get Houston to shape up for playoff date with west next week.

Denver 28, Cincinnati 24 — Floyd Little, returned to action last week, had biggest day of season against Bengals with 100 yards in 30-23 win Oct. 19. Denver front four will turn on the heat against battered Cincy.

Frank Howard to Be Honored

Fights

By THE ASSOCIATED PRESS TOKYO — Shinichi Kadota, Japan, knocked out Suk Kyu Pak, South Korea, 5, lightweight.

BALTIMORE — Pete Toro, 151½, New York, stopped Jerry Pellegrini, 152, New Orleans, 9. RIO DE JANEIRO — Jos Henrique, Brazil stopped Juan Arandi, Argentina, 9, welterweights.

LOS ANGELES — Jose Valdez, 120½, Mexico, outpointed Jose Moreno, 127, Mexico, 10. PORTLAND, Maine — Irish Beau Jaynes, 133, Lowell, Mass., knocked out Kenny Campbell, 130½, Providence, R.I., 7.

Porkers Again Lose But by Narrow Margin

MEMPHIS (AP) — Jim Martin sank a 20-foot jump shot before the buzzer sounded Thursday night to lift Mississippi State to a 76-74 overtime victory over the University of Arkansas in the consolation game of the Liberty Bowl Classic.

The regulation game ended 68-68.

Arkansas' Robert McKenzie dropped in a free throw to tie the score 74-74 with slightly more than a minute to play. Both teams had scoring opportunities before Martin sank his jumper.

Vernon Murphy scored 23 and Almer Lee 20 to pace the Razorbacks, who are now 0-4 for the season. The Razorbacks play the University of Texas at Arlington Saturday night at Arlington.

Says Indians Got Best of Player Deal

MINNEAPOLIS — ST. PAUL (AP) — Centerfielder Ted Uhlaender, who was traded to Cleveland by the Minnesota Twins Thursday, said the Indians got the best of the six-player trade.

Minnesota gave up Uhlender, pitcher Dean Chance, infielder-outfielder Craig Nettles and a player yet to be named for Cleveland pitchers Luis Tiant and Stan Williams.

"We got the best of that trade," Uhlender said. "Tiant lost the zip off his fast ball last year and wasn't anywhere near the pitcher he was in 1968."

Uhlender, who was involved in a contract dispute with Twins owner Calvin Griffith at the start of last season, said he had expected to be traded.

"I loved the players and the fans in Minnesota," he said, "but the front office did everything to destroy me."

Chance, however, said he had met with Griffith two weeks ago and was surprised that he had been traded.

Class A All State Team Announced

LITTLE ROCK (AP) — The Class A All-State football team announced Thursday includes three players from Augusta and two each from McGeehee, Paris, Carlisle and Rison.

McGeehee defeated Augusta in the finals of the Class A playoff.

Augusta's representatives are 171-pound quarterback Mark Miller, 175-pound guard Coy Branscum and 171-pound split end Alex Jackson.

Miller, who passed for 18 touchdowns prior to the playoffs, was the only junior selected to the team.

McGeehee placed 185-pound center James Cingilioni and 160-pound tailback Ed Douglas on the team.

Others named to the All-State team were ends Billy Miller, 165, Rison; Claude Hawkins, 185, Foreman and Kelly Lewallen, 170, Corning.

Tackles named were Hubert Patrick, 215, Brinkley; Bob Wood, 180, Berryville; Phillip Petrus, 225, Carlisle and Dennis Davis, 180, Clarksville.

Guards named were Larry Cozens, 180, Paris, Johnny Hardin, 185, Walnut Ridge and Benny Hollinger, 175, Dermott. Stuart Freeland, 228, Prescott was also named at center.

Backs named were Billy Reider, 160, Paris; Jimmy Johnson, 160, Piggott; Henry Parker, 170, Altus; Danny Windston, 165, Rison; Greg Holt, 190, Lake-side; Clell Garman, 165, Booneville; Tom Gooden, 170, Carlisle and Wiley Coley, 170, Ashdown.

THERE'S ONE in every crowd who dares to be different even if it's only to the extent of taking off his shoes. The line of feet belongs to football fans sitting atop a wall, watching a game in Beirut, Lebanon.

Success of Calvin Hill No Surprise

By JACK HAND Associated Press Sports Writer NEW YORK (AP) — To Bob Blackman, Dartmouth's football coach, the pro success of Yale's Calvin Hill at Dallas was no surprise.

"I really felt he had everything it takes to make it in the pros," said Blackman who was in town between speaking engagements. "You know he is the only 215-pounder who ever broad jumped 26 feet. Incidentally, I got a kick out of the way his weight changes. Yale always listed him as 215, but he was 230 when he joined the Cowboys."

Blackman usually visits a couple of pro camps each summer, to renew acquaintances with friends on the San Diego Chargers and the Dallas Cowboys.

"I recommended Marty Domres over Brian Dowling last year," he said. "Brian was the perfect college type but Domres is 6-foot-4, 215 pounds and has that high overhand release."

Blackman, coach at Dartmouth for 15 years and a candidate for coach-of-the-year honors after his Dartmouth team shared the Ivy League title with Yale and Princeton, has Gordon Rule, a product of his coaching, playing pro ball at Green Bay as a defensive back. He is high on Bob Hews, a big defensive tackle from Princeton, as a pro draft pick.

"I had a couple of opportunities to go with the pros," he said, "but I prefer the campus life for bringing up a family. I enjoy working with the men we get at Dartmouth."

Blackman is proud of the fact that 17 of his former assistants now are holding better jobs at other schools including such head coaches as Joe Yukica at Boston College, Jack Musick at Cornell, Jim Root at New Hampshire, John Anderson at Middlebury, Bill Craver at Delaware Valley and Frank Kapral who succeeded Otto Graham at the Coast Guard Academy and now is an athletic director.

"As far as I know now my staff will be back," he said, "but I have some men ready to move up and I am proud when they do. One of my assistants, Walt Anderson, was a captain for me at three different schools — high school in Monrovia, Calif., Pasadena City College and Denver."

Next Tuesday night the Cats return home for a return bout with the Prescott Curley Wolves, who won their first meeting 60-47. The Senior Girls teams will play the first game that night, beginning at 6:30 p.m.

Tomorrow night at Jones Field House the Lady Cats and Kitty Cats host Gordon's Go-Devils for two games, starting at 6:30 p.m.

cause they are dedicated boys" as Notre Dame prepares for only its second bowl appearance and first since 1925 when it defeated Stanford in the Rose Bowl.

Parsieghian said he has been too busy to study Texas game films and is acquainted only with the Arkansas game in which Texas came from behind to score a 15-14 victory.

"One thing I'm sure of," said Parsieghian, "is that they will run at us. Funny, but everybody we've faced this season tried to throw against us. Nobody ran. I guess they figured they couldn't run and didn't try. So we really haven't been tested against a good ground attack."

Parsieghian makes no attempt to hide his joy over being the underdog and playing against the No. 1 team.

Hope Teams Win Two at Mineral Spgs

By RALPH ROUNTON Star Sportswriter

Down 14 points at halftime, the Hope "B" Lizards came back to edge the Mineral Springs Hornets 50-48 last night at Mineral Springs.

It was a good night for local teams, too, as the Yerber Junior or Bobkittens routed their Mineral Springs counterparts 40-25 in the opener.

Winning in their first game the Lizards started a quintet of Lynn Norton at center, Lee Davis and Tim White at forwards and Steve Harris and Roger Newton were the guards out front.

Hope led it 14-13 at the quarter, but went stone cold with only two points in the whole second period while the Hornets built up a lead.

By the half Mineral Springs, who recently beat Nashville 59-54, was apparently home free against the Bobcat "B" squad with a 30-16 spread, but the last two frames changed all that.

The Lizards came out of the dressing room and started with a full-court press, which effectively slowed down the good-shooting Hornets. By the end of the third quarter Hope had cut the deficit to 39-36 with a 20-9 period, but the test was yet to come.

Making the free throws which in the end made the difference, the "B" Boys wound up on top after a tight final eight minutes, and the 50-48 win came well deserved.

Lee Davis sank 15 points to lead Hope, and Norton had a good night with 12 points and 11 rebounds. Roger Newton used free shots to compile most of his 11 points. Tim White garnered eight and Steve Harris wound up with four.

This squad, composed of reserves and football players still in need of some experience, has long been a fighting crew and their next test comes next Thursday night at Springfield.

Playing their third game in four nights, the Yerber Bobkittens had no problems in ripping Mineral Springs 40-25. That put the Kittens' record at 3-2 for the season, with another game slated tonight at Foreman.

Yerber never really was in doubt, racing to leads of 10-4 at the quarter and 24-11 at the half. Things evened out a little more after that, with the Bobkittens taking the second half 16-14.

Buddy Ingram sacked 18 points to lead Hope, Danny Joyce had seven and Don Lively and Jimmy Smith added six apiece. Jay Barrentine got two points, and Douglas Archer made one to round out the scoring. J.E. Jeans hit nine and Mike Armstrong seven points for Mineral Springs.

Tonight (Friday) sends the Bobcats along with the Bobkittens to Foreman, as both teams try to make it two wins in a row.

Bobcat Coach John Ross still is dissatisfied with the team's foul shooting, but the errors have decreased as shown on the shot charts. Foreman's Alligators should be a worthy 7-A opponent, especially on their home floor.

This will be the first meeting between Hope and Foreman teams, with a rematch scheduled at Jones Field House for Friday, January 2.

A probable starting lineup for the Bobcats would include soph John Dudley jumping center, Larry Muldrew and Ronny Brown at the forwards, and the guards manned by any of David Briges, Parker Powell, or Tommy Webb.

Next Tuesday night the Cats return home for a return bout with the Prescott Curley Wolves, who won their first meeting 60-47. The Senior Girls teams will play the first game that night, beginning at 6:30 p.m.

Tomorrow night at Jones Field House the Lady Cats and Kitty Cats host Gordon's Go-Devils for two games, starting at 6:30 p.m.

WORLD ALMANAC FACTS

One of the world's most unusual fishes is the anahele. The World Almanac notes that each eye of the anahele is divided into two parts. Often called the "four-eyed" fish, it habitually swims at the surface of the water. The upper part of the eye looks upward into the air while the lower part is directed into the water. The fish is native to coastal waters, both fresh and salt, from Mexico to equatorial Brazil.

DOCTOR'S MAILBAG

Inhaling Watery Aerosol Is Aid in Cure of Cough

By WAYNE G. BRANDSTADT, M.D.

Q—After a case of influenza I got a cough that I can't get rid of. Two chest X rays showed nothing. Cough medicine helps but it doesn't cure me. What do you advise?

A—May I assume that you don't smoke and that you have no allergies? A cigarette cough may take a year to wear off after you quit smoking. The inhalation of a watery aerosol containing epinephrine, isoproterenol or acumist should help to clear your bronchial tubes.

Q—What causes one to cough up an excessive amount of phlegm? What can be done to get rid of it?

A—The cause may be chronic bronchitis, bronchiectasis, a foreign body in the lung or tuberculosis. The treatment would depend on the cause.

Q—Two lobes of my right lung were removed because of fibrosis. Will this lead to cancer? Is a complete cure possible?

A—Pulmonary fibrosis may be familial or may be associated with Hamman-Rich's disease (the cause of both is unknown), farmer's lung due to the inhalation of hay mold or maple bark disease due to the inhalation of maple bark dust. None of these would increase your susceptibility to cancer but since all of the lobes are probably involved, complete cure is not likely. Avoidance of causative factors should give some improvement, however.

Q—Is there anything I can take for loneliness?

A—A recent study by Dr. B. M. Levinson confirms what many persons have always known—a pet cat, dog, goldfish or canary will help you. A dog has the advantage that, since it has to be taken out two or three times

Opening lead—♠ J

South looked at dummy and relaxed. He was in a nice, comfortable, game contract and, if everything went well, he might make two overtricks. Certainly there was no reason to think about the whole play. He led dummy's jack of trumps at trick two, just to see if the queen would cover. Not that he thought it would. East wasn't one of those automatic honor coverers.

When the queen did not appear, he put up his ace and then decided to set up a diamond discard for his potential club loser before playing any more trumps. He led his jack of diamonds. East took his ace and made the inspired return of a low trump.

South played his king after long thought, entered dummy with a diamond and tried the spade finesse. West took his king, played his queen of hearts to pull dummy's last trump, and continued with his 10 of clubs. South could discard his losing spade or losing club on dummy's last high diamond, but could not get rid of both of them and was one down.

East made the old remark, "When both sides play trumps, one is wrong." South had no answer. He should have looked over dummy carefully after winning the club lead. If he had done that, he would have not led that one trump but would have started diamonds immediately. This would make it impossible for the defense to pull dummy's last trump and he would have been able to ruff his last spade in dummy and make his contract.

Just for the record, South could have made the hand after the bad start if he had simply stripped the West hand of diamonds and clubs and thrown West in with the queen of trumps to force a spade lead, but the simple line of just not leading a trump too early was far better.

Determining the best way to move freight around the country or around the world can be a complicated matter. Trained specialists known as industrial traffic managers are responsible for handling this job.

These people and their assistants arrange for transportation of raw materials as well as finished products to and from industrial and commercial firms, and they see that goods are shipped in a manner that will ensure prompt and safe delivery at lowest possible cost.

Duties range from routine tasks, such as checking freight bills, to major planning and policy-making matters such as deciding whether the company should buy and operate its own fleet of trucks.

Other duties include ascertaining the freight classifications and rates that apply to goods shipped, routing and tracing shipments, arranging with carriers for transportation services, preparing bills of lading and other shipping documents and handling claims for lost or damaged goods. In addition, traffic managers are responsible for maintaining records not only of shipments but also of freight rates, commodity classifications, and applicable government regulations.

Since many aspects of transportation are subject to federal, state, and local government regulations, traffic managers must know about these and any other legal matters that apply to their companies' shipping operations. Many traffic managers represent their companies before rate-making and regulatory bodies—such as the Interstate Commerce Commission, state commissions, and local traffic bureaus.

Although it is still possible for those having only a high school education to qualify for traffic manager positions on the basis of experience in traffic departments, a college education is becoming increasingly important for a career in this field. For some kinds of work, college training may be required.

A steady increase in employment in this occupation can be expected through the 1970s. Among the factors expected to contribute to the growth in this field are the increasing emphasis in many industries on efficient management of transportation activities and the trend toward procuring raw materials and finished products from more and more remote places and distributing them to increasingly wider markets. A strong demand is expected for specialists who know how to classify products so as to obtain the lowest possible freight rates, choose the carriers that are best able to handle each shipment, and otherwise protect their companies from excessive shipping expenses.

Earnings of experienced traffic managers are generally related to the sales volumes of their companies, and transportation costs, with salaries ranging from \$10,000 to \$25,000 and more a year. Those entering the field with college degrees are generally paid upwards of \$7,000.

Young people considering this field as a career are urged to consult with school and employment service counselors.

Information on requirements for certification by the American Society of Traffic and Transportation, Inc. can be obtained by writing that organization at 22 West Madison St., Chicago, Ill. 60602. A mark of professional status and recognition in traffic management work is "certified membership" in the Society.

GUIDE YOU TO HIS CHURCH

MAN'S STRUGGLE

Throughout the ages man has had his struggle. Ambition kindles a fire that sends him in search of higher and greater achievements. Too bad if his course deviates and his efforts become knotted in unethical procedure. *If we are to attain higher ground—if we are to scale the heights placed before us—then our efforts must be seasoned with the highest moral intent.* It is all too simple to get along when we compromise with evil and set up our code of rotten rules for attaining our selfish, material desires. If this man's climb is to be really successful—his efforts crowned with glory—he will need God as his guide in his struggle. You need the help of the church in your struggle.

Exiled Cleaver Seeks to Return, His Black Panthers Are on Ropes

By KEN HARTNETT
 AND JOHN S. LANG
 Associated Press Writers
 WASHINGTON (AP) — Self-exiled Black Panther Eldridge Cleaver is seeking to arrange his return to the United States where his armed revolutionary party—reeling under police pressure—is hurting for leadership.

Twenty-four hours after two Panthers were slain in a shootout with Chicago police, sources said Cleaver contacted U.S. diplomatic officials in Algiers and asked for a passport to return to America where he is wanted on a fugitive warrant.

Cleaver didn't get the passport, the sources added, but in later discussions was told he could get a certificate of identity that would allow him to travel to the United States.

As Cleaver was making the inquiries in Algiers, signs were mounting in America that the Panthers are revolutionaries on the ropes.

On Monday, a police raid on Panther headquarters in Los Angeles resulted in a four-hour gun battle that left three policemen and three Panthers wounded. A score of Panthers were arrested.

Two well known Panther leaders—Huey P. Newton and Bobby Seale—already were in jail. Stokely Carmichael quit the party last summer. Other party leaders are dead. Dave Hilliard, Panther chief of staff, faces trial on a charge of threatening the life of President Nixon.

If Cleaver returns to California, he faces imprisonment as a parole violator and for jumping bail on charges of assault with intent to kill and assault with a deadly weapon. But the deepening Panther-police crisis presumably has increased pressure on him to give up his self-proclaimed exile.

Black leaders say the police raids have brought an upsurge in pro-Panther sympathy, yet the Panthers are without the widely known leaders needed to take full advantage of the situation.

The Chicago and Los Angeles raids were the latest in a series of police actions that the Panthers say have resulted in 28 Panther deaths—a figure the Panthers failed to document and which Justice Department officials say is exaggerated.

But the frequency and intensity of the clashes are seen by some as having an impact on America's ghettos more profound than anything Panthers could muster with their Marxist ideology and weapon-wielding ways.

Panther lawyer Charles Garry of San Francisco says the incidents add up to a campaign of "genocide on the Black Panther party."

"Poppycock," replied a Justice Department spokesman to charges made by Garry and others that the Nixon administration is the concert master for an elaborate and planned police crackdown on the Panthers.

But there is little question that an intense hostility exists between police and Panthers. One high federal official put it this way:

"It seems every time cops and Panthers meet they shoot each other. Fear plays a part. It's been some years since I considered myself a cop, but I know if I were back on the street, I wouldn't want to have to stop a black man, or especially two of them. The friction is so intense, with Panthers you keep a hand on a gun."

Demands for public hearings into violence that often erupts when police and Panthers meet grew louder after the raid in Chicago last week in which two Panthers, including Illinois Chairman Fred Hampton, were shot to death.

The National Urban League wired the attorney general requesting federal grand jury inquiries in every jurisdiction where Panthers "have been murdered by law enforcement officials."

And moderate Roy Wilkins of the National Association for the Advancement of Colored People, told an interviewer the incidents "take on the aspect of a vendetta ... it looks suspicious."

Chicago police reported the 10-minute gun battle began when they arrived at Hampton's apartment at 4:40 a.m. last Thursday to search for weapons. They said a woman in the apartment opened fire with a shotgun.

A later inspection of the apartment by a reporter disclosed one small bullet hole in the apartment's front door. The door showed no signs of a shotgun blast. It was still on its

hinges.

The one wall of the living room visible from the front door was marked by a small cluster of bullet holes. No bullet holes could be seen in the dining room and kitchen.

In the front bedroom, three walls were pocked with bullet holes. The wall beside the bedroom door was unmarked. In the rear bedroom, where Hampton died, the same was true—three walls were riddled with bullet holes and the wall adjoining the bedroom door was unmarked.

The fiercest previous battle came in April 1968 in Berkeley, Calif. It left Panther Bobby Hutton dead; Cleaver and two policemen wounded.

This year there have been a number of incidents, including: July 16—Two Chicago policemen and a Panther were wounded in a gunbattle that erupted while officers were investigating a burglary. Two Panthers were arrested.

July 31—five policemen and one Panther were wounded in a shootout at Chicago Panther headquarters. Officers said they were fired on from the building's roof, but Panthers said police started it.

Aug. 17—In Kansas City, a policeman was wounded by a girlfriend of a Panther whom officers were arresting. Police returned the fire, killing the woman.

Sept. 22—In Milwaukee, three Panthers were arrested and charged with firing a shotgun at a policeman who was walking his beat.

Sept. 30—In New York, a policeman was struck by a shotgun blast while attempting to enter an apartment. Two Panthers were seized.

Oct. 1—Two teen-agers described as Panthers were arrested after a shootout with police in Jamaica, Queens.

Oct. 4—Seven Panthers were arrested, one was charged with attempted murder after two policemen said they were fired upon from the roof of the party's Chicago headquarters.

Nov. 13—Two police and one Panther were killed in a 10-minute shootout when officers responded to a call that four armed men were in an abandoned Chicago hotel.

In addition, 14 Panthers indicted for conspiring to bomb New York department stores and subway facilities have been in jail for seven months in lieu of bail ranging up to \$100,000 each.

And in New Haven, Conn., more than a dozen Panthers are held on various charges in connection with the May 21 murder of a party member.

There's little doubt that the incidents and arrests have eroded Panthers membership.

One estimate places their nationwide strength at under 1,000. Los Angeles police say membership there is about 200. In Chicago, total strength is placed by police at less than 100. In New York, an estimate of 50 is cited.

In Kansas City, total strength is pegged at about 30. In Denver, it was estimated at under 20.

Meological differences and the need to tighten security have led to purges in some cities. In Seattle, Wash., for example, only seven Panthers are reported to remain in a chapter that boasted a membership of 200 a year ago.

The Panthers' strident rhetoric is aimed at the police and the American society. To the Panthers, police are "pigs," and comic books distributed to some ghetto children proclaim, "the only good pig is a dead pig."

Such rhetoric has appalled some white radicals.

The Young Socialist Alliance, youth arm of the Trotskyist Socialist-Workers Party, said in one position paper that the Panthers reliance on ultra-left rhetoric "puts them on the outer limits of political reality."

Cleaver's return—if it occurs

Television and Radio

By CYNTHIA LOWRY
 AP Television-Radio Writer
 NEW YORK (AP) — There have been marriages this year on "I Dream of Jeannie" and "My Three Sons," but the big question is when "That Girl" will marry that fellow she has been going with for more than three years.

Probably it is one TV marriage that will never take place, because matrimony would change the whole structure of the series.

The ABC comedy series on Thursday night started a two-part episode that had Ann Marie, the perennially hopeful actress, getting a job in a Los Vegas show.

The change gave the series a chance to show the glitter of the resort town, but the program was interesting because the episode really belonged to Ted Bessell, the long-playing swain. When dear, devoted Donald first got smashed, accidentally of course, and then wound up with a bad hangover and a strange girl who said she was his new wife—well, it was a whole new approach for "That Girl." And sort of a nice change.

Most fun in an evening of channel jumping was the appearance of Elsa Lanchester in "It Takes a Thief." She played a retired superspy recalled to special duty.

Robert Wagner played the self-assured thief with his usual suavity, but Miss Lanchester—vague, innocent British spinster—walked away with the ABC hour.

"It Takes a Thief" has never really caught on. Since it is now in a rough competitive time spot, it is probably too late to

save it, but Miss Lanchester ought to help. It really is, week in and week out, more amusing than other action shows, including "Mission: Impossible."

CBS' "Children's Hour" series will start at noon EST Saturday with a 60-minute special called "J. T." It is a story about a young black boy and an injured cat. NBC's weekend contribution to children's amusement will be a two-hour musical adaptation of "Hans Brinker and the Silver Skates," filmed in Holland and Norway with Eleanor Parker, Richard Basehart and Cyril Ritchard. It will be shown Sunday at 7 p.m. EST.

—To give persons over 65 full deduction of medical expenses, estimated to cost \$225 million.

—To give deductions for travel expenses to and from work of up to \$600 to disabled persons, estimated to cost \$90 million.

—To establish the \$100 minimum monthly individual Social Security benefit, estimated to cost \$2 billion.

—To exempt the first \$20,000 of investments from repeal of the 7 per cent investment tax credit, estimated to cost \$720 million.

—To drop retirement age under Social Security for men from 62 to 60, estimated to cost \$600 million the first year.

A day with Willie Schaffer is like stepping back into the simplicity of Appalachia generations ago. There are no clocks to punch and the only schedules to be met are those set by nature. Driving a team of mules, hand-shucking corn, stringing fence and a hundred other chores are back-breaking work, but the 70-year-old tenant farmer of Hiltons, Va., still gets by with nothing but human and animal labor. People yearn for a less complicated life; these photos by Kenneth Murray show a man who lives it.

IT'S A LONG WALK for a bucket of water, but there's nothing like a drink from a cool spring.

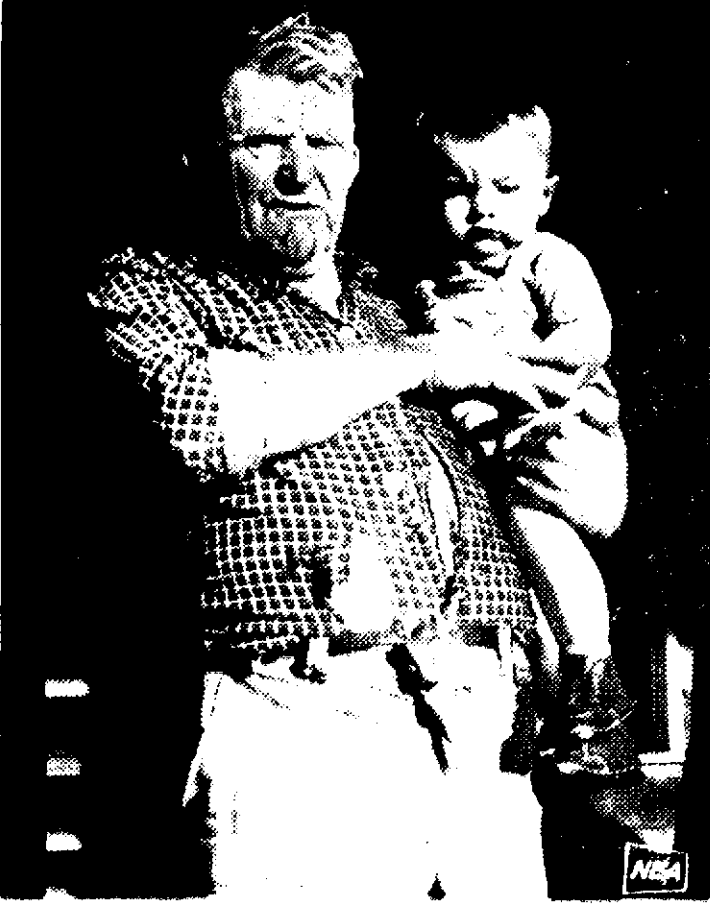

HITCHING UP his mule, Willie goes to work. "Seems like a man never gets caught up 'cause even when you're dead and gone, there's plenty work left."

Alex. H. Washburn
Report on
a Radio
Appearance

EDITOR'S NOTE: Upon the invitation of Radio Station KWKH of Shreveport I gave the following telephone transcription this morning for use on their continuing survey of editorial opinion throughout the Ark-La-Tex area:

In a Western movie we watch angry cattlemen battle over a water-hole to save their animals—and it all seems far away, in a fairy-tale world not ours.

But it is not a fairy tale. The movie tells it as being years ago, and in a place called Arizona—but history is writing a new book, and the new book says the place is here and the time is now.

Every year America uses more and more water per capita, and the conservationists say that even in this land of abundance we shall sooner or later run short on the one commodity men, like animals, must have.

It is a newspaper editor's business to look ahead—beyond the current issues which embroil government and befog the people.

One of the things that alarms me about our own section is the practice of city governments to depend upon deep wells for their water supply. Cities have bonding power to go out and develop surface water reservoirs, something that is denied to farmers and other individuals. A deep well is the individual's only practical source of water; therefore it seems unjust for cities to move in on the individual when the cities can, if they have to, develop surface water sites of their own.

At the moment we are in pretty good shape where our underground water tables are concerned. But that wasn't so 20 years ago. Then we were in a "dry" cycle. And farmers saw their wells go dry in the 1940s as the water table dropped.

Now the water table is up, and everything is rosy. But meteorologists say the cycle from "wet" to "dry" is only 30 years. If that be true, we've got only 10 more years before another water shortage—each one more severe than the last.

That's why I think the cities should be barred from drilling wells. They should leave the water table alone and help the nation conserve water by building dams and reservoirs to store up the stuff that runs off to the sea while we're looking at it every day in the year.

Weather Is Supposed to Be Pleasant

By THE ASSOCIATED PRESS
Pleasant and cool weather is forecast for Arkansas through Sunday as high pressure center located in East Texas the morning moves across the state.

Little change is expected in Arkansas' weather pattern before Sunday when a cold frontal system moves southward from the Pacific Northwest.

The front is expected to reach the northwest portion of the state by Saturday evening. However, the U. S. Weather Bureau is not predicting any rain with this system even though there will be increased cloudiness.

Highs Thursday ranged from 56 at Pine Bluff to 43 at Fayetteville.

Overnight lows were 22 at Fayetteville, 25 at Fort Smith, 27 at Little Rock, 28 at El Dorado and Harrison, 29 at Jonesboro, 30 at Pine Bluff, 31 at Texarkana and Memphis and 34 at Blytheville.

In the 24-hour period ending at 7 a.m. today, .03 of an inch of rain was reported at Memphis and a trace at Harrison, Jonesboro and Blytheville.

Death Accident, Inquest Finds

A coroner's inquest was held Thursday night in connection with the fatal shooting yesterday of the Rev. L. C. Keys, 65, of Texarkana, while deer hunting in the McNabb area. The inquest ruled that death was due to a hunting accident. Coroner J. T. Honeycutt said.

Says 24 May Be Charged in Massacre

By FRED HOFFMAN
AP Military Writer

WASHINGTON (AP) — Army sources say they expect charges to be filed against most of the 24 soldiers and former soldiers under investigation in the alleged massacre of Vietnamese civilians at My Lai.

They estimated the probe will not be completed for about four months because of the widespread hunt for evidence. Interrogations resulted in more leads that have to be followed up, they explained.

But one the basis of what has been developed so far, the sources said there probably will be charges filed against a majority of nine soldiers and 15 former soldiers, all one-time members of Company C, 1st Battalion, 11th Infantry Brigade.

First Lt. William L. Calley Jr., a platoon commander in Company C, is awaiting court-martial at Ft. Benning, Ga., on charges of premeditated murder of at least 109 Vietnamese men, women and children.

A decision is imminent on whether to court-martial one of Calley's squad leaders in Vietnam, S. Sgt. David Mitchell, who has been accused of assault with intent to kill 30 Vietnamese noncombatants. Mitchell says he is innocent.

The Army has refused to identify the 24 other men whose actions the day of the My Lai incident nearly 21 months ago are under scrutiny.

There is a strong prospect that, if the prediction of the Army sources stands up, trials may be held simultaneously or in sequence in different parts of the country.

Christmas Eve Just a Night to Assemble for Fathers of America

By BILL RAWLINS
Associated Press Writer

NASHVILLE, Tenn. (AP) — Christmas Eve is the night for the fathers of America to assemble.

They don't get together. They put together.

It happens every year, but somehow it always seems to come as a surprise.

This is because no father in his right mind walks into a toy store and asks for a box of spare parts to put under the tree for Junior or Junorette. He asks for this bicycle or that tricycle or this toy sink or that doll house. He sees them, assembled and shiny.

But he walks out of the toy store with a box of spare parts, which he hides in the attic.

Then he burns the midnight oil into the wee hours of Christmas morning, trying to read the simple directions of—more likely—trying to put the toy together before he finally looks at the simple directions.

Except for the pictures, the directions don't seem to help much, because most of them

Hope Plant to Double Size If Voters Okay \$450,000 Bond Issue

It was announced at a joint meeting of the Hempstead county Industrial Foundation and the Chamber of Commerce voted to set the date of the election on Tuesday, February 3, 1970, and asked County Judge Finis Odom to make the necessary arrangements to get the election called for this date. If the bond issue passes, as expected, construction of the building will get under way around April 1, 1970 and should be completed and ready for occupancy by late summer of 1970.

Standard Generator started operations in Hope in the early 1950's under the name of Electronic Enterprises, in two buildings in the Southwest Proving Ground area. Employment at the plant at that time was about 20 people and this figure remained about the same for quite some time.

In the early 1960's Electronic Enterprises was sold to Missouri Research, Incorporated of St. Louis and soon thereafter employment began to increase at the plant. In 1964 officials of Missouri Research, Incorporated contacted the Hempstead County Industrial Foundation and asked for assistance in financing some new and expanded facilities for their plant, suggesting that they would prefer to have the plant located in the West Avenue B site.

Negotiations were immediately started and after a period of time a bond election was called and voted by a large majority, to issue bonds to finance the construction of the present building. The company occupied this new building in 1965 and according to Bob Tolleson, the local manager, employment has increased steadily since that time. The present quarters are now too small.

Vincent Foster, President of the Industrial Foundation and George Frazier, President of the Chamber of Commerce issued a joint statement saying that they were delighted for the people of Hempstead County to again have the opportunity to help Standard Generator expand their operations here. "It is just like starting a new industry with 150 employees," they said.

read as if they were written by a Japanese who learned English in school—a Japanese school. Somehow, though, he always manages to get things together in time to lie down, at least, before the youngsters awake gleefully to "see what Santa Claus brought me!"

It may well be this lack of credit where credit is due which leads some progressive types to teach their youngsters, from the time they are old enough to walk, the true facts of Christmas life.

On the other hand, it is the toymakers' dependence on the free labors of fathers which has helped make toys one of the biggest bargains around. They have to keep them simple.

The design of a coaster wagon, like that of the Volkswagen, hasn't changed much in 30 years. And 30 years ago, my father could have bought me the most expensive coaster wagon advertised for \$14.95. Today, I can buy my son, Drew, the most

Compromise Expected in Tax Measure

By JOE HALL
Associated Press Writer

WASHINGTON (AP) — The Senate has overwhelmingly passed its veto-threatened tax reform bill, sending it to a conference committee where House members wait with their own quite different version.

The conference committee has a heavy chore in reconciling the bills, but leading members of both delegations say they expect to come up with a compromise President Nixon can sign.

The Senate, which ended almost a fortnight of debate by approving the bill 69-22 Thursday afternoon, sparked Nixon's ire by providing a 15 per cent increase in Social Security benefits and a boost in personal income tax exemptions from \$600 to \$800.

The House bill makes no provision for either matter, although that chamber is considering a separate Social Security proposal.

Opponents rallied vainly against the bill Thursday, charging its differences between tax relief and revenue gain amount to more than \$5 billion and is fiscally irresponsible. It was this cost that Nixon cited when he said he will veto the bill if it's unchanged.

However, it seems certain the 15 per cent Social Security benefit boost, and many other of the tax breaks will be retained either in the tax bill or in separate legislation.

The Senate bill raises the present \$600 personal deduction to \$700 in 1970 and \$800 in 1971. The House version provides a cut in income tax rates beginning in 1971.

Nixon contends a tax cut in 1970 would hurt his fight against inflation and would take too much out of the Treasury. The Senate's 15 per cent increase in Social Security benefits and a provision raising the minimum payment from \$55 a month per individual to \$100 both exceed the President's suggested total 10 per cent increase in benefits.

Another major difference, but one on which the administration has not taken a do-or-die stand, is the oil and gas depletion allowance.

Open House at High School Monday Night

Hope High School will open its doors, Monday night, December 15, at 7:30 o'clock to the parents of HHS students for the annual PTA open house.

The purpose of this open house is to better acquaint the students' parents with the teachers and the school.

Each student will be given a copy of his schedule Monday to take home to his parents. That night each parent will follow this schedule, staying approximately 10 minutes in each class, after first reporting to the auditorium for a short meeting.

Agnew Says Tax Bill Aids Inflation

By CARL P. LEUBSDORF
Associated Press Writer

HOT SPRINGS, Ark. (AP) — Vice President Spiro T. Agnew said today that the Nixon administration's efforts to curb inflation have been jeopardized by "responsible tinkering" with the tax reform bill in the Senate.

In a speech prepared for the opening session of the winter conference of the Republican Governors Association, the vice president said the bill passed Thursday by the Senate "has turned tax reform into a Rube Goldberg toy to entertain and attract reluctant voters to fading politicians."

Praising the programs of President Nixon at home and abroad, Agnew said efforts to curb inflation are beginning to have results, noting that the consumer price index rose at an annual rate of 6.4 per cent in the first half of 1969 but at 5.3 per cent since June.

"Yet our policies face a critical threat—not from labor, not from management nor from the

Crime Rate Spiraling, FBI Reports

By WILLIAM BARTON
Associated Press Writer

WASHINGTON (AP) — The nation's spiraling crime rate leveled off during the first nine months of 1969, but armed robbers became a much greater menace on city streets, FBI Director J. Edgar Hoover reported today.

Hoover said the overall crime rate rose 11 per cent during the period—eight per cent under than the increase during the corresponding months a year ago.

But, in releasing the quarterly uniform crime reports, he called attention to the 15 per cent jump in robberies, particularly an 18 per cent hike in armed holdups.

Hoover said street robbery made up more than half of all robbery offenses and increased 18 per cent, while residential holdups climbed 22 per cent during the period.

Among the various types of robberies, he noted, only bank holdups showed a decline—4 per cent less than during the first nine months of 1968.

The report came shortly after Hoover released a statement in which he predicted "the soaring crime rate in the 1970s can be contained."

Explosions Rock Stamps, No Injuries

STAMPS, Ark. (AP) — Two explosions and a fire at the Esso bulk gasoline station and the adjoining Gulf bulk station near downtown Stamps destroyed the Esso warehouse and garage today.

Stamps Fire Chief Earl Brieht reported the Gulf tanks were damaged and that several windows in the Stamps business district and nearby homes were shattered.

Authorities said the explosion occurred while a Gulf transport truck was unloading its tanks.

The driver of the truck told officials that he heard a hissing noise, saw a flame moving in the direction of the Esso storage tanks and ran for help.

At the time of the explosion, the Stamps Fire Department was at the scene of a fire in a Stamps furniture company near the downtown area. The damage at the earlier fire was reported to be slight.

Aiding the Stamps fire department were the Magnolia and Lewisville units.

Arkansas State Police Sgt. Dean Friend said it was "one heck of an explosion."

Authorities report the fire was under control three hours later and that there were no injuries. The cause of the explosion and the amount of damage is not known.

Korean Plane Hijacked to North Korea

TOKYO (AP) — North Korea's official radio confirmed today that a South Korean airliner with 51 persons aboard was hijacked by its pilot and some other pro-North Korean "compatriots."

The broadcast, monitored by the Japan Broadcasting Corp. said the plane was taken to North Korea by "compatriots" who are opposed to South Korean President Chung Hee Park's policies.

It did not mention how many persons took part in the hijacking of the Korean Airline plane.

The plane was hijacked on a domestic flight to Seoul from Kangnung, 100 miles east of Seoul, Thursday afternoon.

It carried four crewmen and 47 passengers.
